Dear Miss Sulphur -

I should like
little Mary Aehly because my
only sister's name was Mary -
after Mary had been with
me on trial and Mary was
happy and contented - I
would be willing to sign
papers - saying if God called

me home after Mary had
been with me one year
Mary was to receive one hundred
dollars - if at the end of two
years one hundred fifty
if at three years two hundred
and at four years two hundred
fifty - if God spared my
life - when Mary is eighteen
she is to choose between one
hundred fifty or a College education -
I shall see that Mary is thrown

in no temptation - will keep
her in Fieddie Memorial Church
and Sunday School -
I shall ask Mary that
she be truthful - honest -
and not wet the bed every
night -

I prefer the board of
the Newark Orphan Asylum
to take charge of any thing
I would leave her -

and prefer no child know
under eighteen that she
was to profit by my death -
(I personally knew of a large
family in our city - where
there is much wealth (one
quarter of a million) where
the youngest girl not fifteen
always quiet in her way - put
poison in food so much that every
other member was affected and two nearly
died - ~~to some~~ children one hundred seems much
hoping to hear favorably from ~~farther~~ ^{week} ~~and~~ Lucia B. G.
